Since 1996, we have believed First Presbyterian Church, as a part of its Christian Mission, has a responsibility to promote the welfare of families in our community. We see our day care ministry as an opportunity to serve those families that view childcare as an extension of their family life. We provide developmentally appropriate programs and a physical environment that is safe, clean and designed for children.

“When parents and  
teachers collaborate on  
behalf of children, they  
create windows of light  
for the generations  
that follow.”

# First Presbyterian Church Day Care Ministry

---

Kids are kids, and to be kids they have to play, to play they get dirty, getting dirty means they had fun, when they have fun they are happy, when they are happy we have done our job!

## OUR PHILOSOPHY

We believe in a child-centered environment, which means long periods of uninterrupted free time, few restrictions, adults acting as facilitators and lots of outdoor time. Our curriculum is based on a weekly theme and includes time in our library, in our art room, and on our playground. We support and encourage helping your child develop a love of lifelong learning by providing them daily opportunities to create, move, sing, discuss, observe, read, and play.
